

Webinar - KIC InnoEnergy Call for Innovation Proposals 2015

KIC InnoEnergy, the European company for innovation, education and business creation in sustainable energy has launched a new [call for proposals](#) to develop innovative products and services, as part of their ambitious support programme dedicated to boosting innovations in Europe.

KIC InnoEnergy wants to disseminate this call among companies and research organisations operating in the energy sector with the objective of promoting their participation. If you have a business idea linked to **sustainable energy** and a proven concept that you want to commercialise, but need complementing business and financial support, this initiative is for you.

The Call for Innovation Proposals has a special interest in the industry to lead such proposals and ensure that the resulting products and services will successfully reach the market.

For this purpose, KIC InnoEnergy will hold a [webinar](#) on **24 February at 11:00 (CET)** for those interested in learning more about the call. The presentation will be conducted by Mikel Lasa, CEO KIC InnoEnergy Iberia, who will introduce the new edition of the Call for Innovation Proposals and will answer any questions that may arise.

If you are interested in joining the online session please confirm your attendance by clicking on the following link: <http://bit.ly/1zFE2Ff>

Please find below the link that will bring you to the WEBEX session on the day of the event <http://bit.ly/16Spabb>

How to connect?

Once you are on the website you will only have to write your display name, your email address and then click on 'Join As Guest'.

NOTE: It is possible that your browser may ask you for permission to run the WebEx software. If so, you will have to install it on your computer. In case you want to join the session through your smartphone or tablet, WebEx will ask you to download its application.

During the presentation, a hotline will be open to solve any technical issue you might have.

Hotline: +34 93 504 49 05
